

# Instructions to search Shawano County Plat of Survey Index

If you have a Plat of Survey Number from the Tax Records Program: Use the number in the LID# Field, including the PS on the end of the number.

Example: 9005542PS. Certified Survey Maps can **only** be viewed through the Register of Deeds LandShark program for a fee.

This screenshot shows the search interface with the LID# field highlighted in yellow. The LID# field contains the value "9005542PS". Other fields include Municipality, Surveyor, Survey Co, Survey Type, Client Name, CSM #, Metes-Bounds, Section, Town/Range, ROD Doc. #, Start Date, End Date, Surveyor File #, and Records/Page (set to 10). A "Find Now" button is at the bottom right.

For **All** Surveys **only** use the Town/Range & Section Fields highlighted in yellow. These are drop down boxes to choose the criteria you would like to search. For all Surveys 2015 and later you can use all fields.

This screenshot shows the search interface with the Section and Town/Range fields highlighted in yellow. Both are set to "<All>". The LID# field is empty. Other fields are the same as in the previous screenshot. A "Find Now" button is at the bottom right.

Once you have entered your search criteria – select find now. This will bring up a list of surveys within the criteria selected.

You can select any field in **red** to view the selected survey.

This screenshot shows the search results page. The search criteria from the previous screenshot are applied. The results table has the following columns: Type, Id, LID #, Doc. #, Survey Date, Surveyor, and Parent/Child Parcels. The Survey Date column is highlighted in red. The results are as follows:

Type	Id	LID #	Doc. #	Survey Date	Surveyor	Parent/Child Parcels

Once you select the map you would like to view, the following screen appears. Clicking on the Parent Parcel numbers with the line through them will take you the Parents tax record for the last year the Parent was a full Parcel. If you click on the Child Parcel Number, it will take you to the newly created tax record. Clicking on the word 'view' will bring up a pdf of the survey you are looking at. This may take a moment as some of the surveys are very large.
